IN THE UNITED STATES PATENT & TRADEMARK OFFICE

IN RE APPLICATION OF :

PROVISIONAL ELECTION OF SPECIES

ASSISTANT COMMISSIONER FOR PATENTS
WASHINGTON, D.C. 20231

DEAR SIR:

In response to the Election of Species requirement dated December 4, 2001,
Applicants provisionally elect with traverse Species of Figure 1 as readable on Claims 2, 3,
10, 11 and 12.

Applicants respectfully traverse the election requirement for several reasons.

First, the outstanding Official Action merely includes the conclusory statement
that "the application contains claims directed to ... patentably distinct species ..." without
stating any basis whatsoever in support of such a finding. This is contrary to MPEP §816,
which states:

MPEP §816

The particular reasons relied on by the examiner
for holding the inventions as claimed are either independent or
distinct should be concisely stated. A mere statement of
conclusion is inadequate. The reasons upon which the
conclusion is based should be given. . . .

In the absence of any annunciated basis, it is respectfully submitted that the PTO clearly has not carried forward its burden of proof to establish distinctness.

Secondly, MPEP § 806.04(f) requires:

MPEP § 806.04(f)

Claims to be restricted to different species must be mutually exclusive. . .

The outstanding Official Action fails to address in any way whether the pending claims recite mutually exclusive characteristics and this failure provides a further basis for traversing the election requirement.

Finally, MPEP § 803 states:

MPEP § 803

... If the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits, even though it includes claims to distinct or independent inventions.

The claims of the present invention would appear to be part of an overlapping search area. Accordingly, Applicants also respectfully traverse the outstanding Election requirement on the grounds that a search and examination of the entire application would not place a *serious* burden on the Examiner.

In this particular case, since Applicants are at a loss as to the basis of the Election Requirement, in view of the fact that the Requirement does not state any analysis on how the species were decided, Applicants respectfully request that the requirement be withdrawn, or at the very least, that a new Official Action be mailed stating the basis for the Election.

Requirement and remedying the deficiencies above-noted, so that Applicants can then appropriately respond on the merits of the requirement.

Respectfully submitted,
OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
